INTERNSHIP

Front-End Development Intern	Oct 2023
<i>Pantech eLearning, Chennai</i>	
- Worked as a Web Development Intern for one month, gaining hands-on experience in front-end technologies. - Created responsive web pages using HTML and CSS and learned the basics of JavaScript. - Gained practical knowledge in UI design and layout structuring. - Collaborated with team members and completed tasks within deadlines.	

PROJECT

Virtual Herbal Garden Application	Jul 2025
<i>Spring Boot, HTML, CSS</i>	
- Developed a full-stack project using Spring Boot and HTML/CSS to create a Virtual Herbal Garden for exploring and managing herbal plant information. - Provided an intuitive interface for users to view detailed descriptions, benefits, and care instructions for various herbs. - Streamlined data management by implementing backend functionalities to organize and update herbal plant information efficiently. - Enhanced user engagement by enabling virtual exploration of the garden, fostering awareness and knowledge of herbal plants and their uses.
